Luxform. Your garden lighting specialist

GB Luxform Lighting is the lighting specialist, founded in 1978 and selling in 25 countries. Luxform Lighting is total supplier of wide range lighting solutions for the consumer market.

Our sales advisors are always happy to advise on the range that will suit your store and the needs of your customers. Our clear rack plans will optimise shelf space and our Point of Sale display stand will stimulate sales.

Together we can meet consumer needs

Both the product range and Luxform Global BV itself is dedicated to making sure that specialist retailers can meet their customer's needs. Attractive pricing combines with quality of product and maximum choice for the consumer/end-user. Through service levels, spare part availability and continual product development Luxform Global BV will provide the support you need to develop a special relationship with your customers.

OUR MISSION
To provide our stakeholders with innovative, lighting solutions thereby surpassing their expectations.

BUILD THE FUTURE

[NL] Luxform Lighting is specialist in verlichting, opgericht in 1978 en inmiddels actief in ruim 25 landen. Luxform Lighting is een totaalleverancier met een breed assortiment verlichtingsoplossingen voor de consumentenmarkt.

Onze verkoopadviseurs staan u graag ter zijde bij het samenstellen van een assortiment dat precies aansluit op uw winkel en de behoeften van uw klanten. Onze duidelijke schappenplannen zorgen voor een optimale uitstraling en stimuleren de verkoop.

Gezamenlijk inspelen op consumentenwensen

Zowel het productassortiment als de organisatie bij Luxform Global BV zijn afgestemd op de specialist die zijn klanten tegemoet wil komen. Een aantrekkelijke prijsstelling is daarbij van belang, maar kwaliteit en maximale keuzevrijheid voor de consument/eindgebruiker gaan boven alles. Serviceartikelen en een continue productontwikkeling zorgen ervoor dat u als relatie uw klanten jarenlang van dienst kunt blijven.

[DE] Luxform Lighting ist spezialisiert in Beleuchtung, wurde gegründet in 1978 und ist mittlerweile tätig in mehr als 25 Länder. Luxform Lighting ist ein Gesamtlieferant mit einem breitem Sortiment an Beleuchtungslösungen für den Endverbrauchermarkt.

Unserer Verkaufsratgebers stehen Ihnen gerne zur Verfügung um das Sortiment zusammenstellen, das ganz exakt auf Ihr Geschäft und die Bedürfnisse Ihrer Kunden abgestimmt wird. Unsere entsprechenden Regalpläne sorgen für eine optimale Erscheinung und fördern somit den Verkauf.

Gemeinsam die Endverbraucherbedürfnisse ansprechen

Das Produktsortiment als die auch Luxform Global Organization sind abgestimmt auf die speziellen Bedürfnisse von Ihnen und Ihrer Kunden. Eine attraktive Preisstellung ist wichtig, aber Qualität und maximalen Wahlfreiheit für den Endverbraucher sind Voraussetzung. Dienstleistungsartikeln und eine ständige Produktentwicklung gewährleisten das Sie Ihre Kunden zu jeder Zeit zufrieden stellen können.

[FR] Luxform Lighting est le spécialiste de l'éclairage, fondée en 1978 et la vente dans 25 pays. Luxform éclairage est fournisseur global de solutions d'éclairage large gamme pour le grand public.

Nos conseillers de vente sont toujours heureux de vous conseiller sur la gamme qui conviendra à votre magasin et les besoins de vos clients. Nos plans de rack claires permettront d'optimiser l'espace d'étalage et notre point de présentoir de vente sera de stimuler les ventes.

Ensemble, nous pouvons répondre aux besoins de consommation

Tant la gamme de produits et Luxform Global BV se sont dédiés à se assurant que les détaillants spécialisés peuvent répondre aux besoins de leurs clients. Des prix attrayants se combine avec la qualité du produit et un maximum de choix pour le consommateur / utilisateur final. Grâce à des niveaux de service, disponibilité des pièces détachées et le développement continu des produits Luxform Global BV fournira le soutien dont vous avez besoin pour développer une relation privilégiée avec vos clients.

ONZE MISSIE

Onze stakeholders voorzien van Innovatieve verlichtingsoplossingen waarmee wij hun verwachtingen overtreffen.

UNSERE MISSION

Um unseren Kunden mit Innovationen im Leuchten Bereich, passende Lösungen zu bieten um dadurch ihre Erwartungen zu übertreffen.

NOTRE MISSION

De fournir des solutions innovantes d'éclairage à parties prenantes, dépassant ainsi leurs attentes.

ORIENTAL DESIGN

BACK TO NATURE / JUNGLE FEVER

PATIO LIVING

ORIENTAL DESIGN

GB ORIENTAL DESIGN

We see a lot of overseas influences. The countries we can't go on holiday to, we bring to our own backyard. Oriental influences are reflected in style and colour.

Natural metals, with flattened natural colours, go well with these Oriental influences. But the light effect achieved in the garden is also becoming increasingly important. Lamps with a light pattern make the garden magical even in the dark.

NL ORIENTAL DESIGN

Overzeese invloeden zien we veel terug. De landen waar we niet naar op vakantie kunnen, halen we naar onze eigen achtertuin. Oriëntaalse invloeden zien we terug in stijl en kleur.

Natuurlijke metalen, met afgevlakte naturel kleuren gaan goed samen met deze Oriëntaalse invloeden. Maar ook het lichteffect dat men bereikt in de tuin is steeds belangrijker. Lampen met een lichtpatroon maken de tuin ook in het donker sprookjesachtig.

TYANA & MYRA

DE ORIENTALISCHES DESIGN

Wir sehen viele Einflüsse aus Übersee. Die Länder, in die wir nicht reisen konnten holen wir uns in unseren eigenen Garten. Orientalische Eindrücke in Stil und Farbe.

Metalle mit geglätteten Naturfarben passen gut zu diesen orientalischen Einflüssen. Aber auch die im Garten erzielte Lichtwirkung wird immer wichtiger. Lampen mit Lichtmuster machen den Garten auch im Dunkeln magisch.

FR CONCEPTION ORIENTALE

Nous voyons beaucoup d'influences étrangères. Les pays où nous ne pouvons pas partir en vacances, nous les apportons dans notre jardin. Les influences orientales se reflètent dans le style et la couleur.

Les métaux naturels, aux couleurs naturelles lissées, se marient bien avec ces influences orientales. Mais l'effet de lumière obtenu devient également de plus en plus important. Les lampes avec un motif lumineux rendent le jardin magique même dans l'obscurité.

LUXFORM
LIGHTING

BACK TO NATURE JUNGLE FEVER

SWING

CB BACK TO NATURE - JUNGLE FEVER

Back to basics, one with nature, organic shapes and natural materials. A natural atmosphere is created with sustainable and authentic materials based on a harmonious use of colour. The simplicity of nature and the outdoors evokes a relaxed feeling for many.

In addition, nature can be lively and full of colours, bring that wonderfully cheerful jungle feeling into your home with splashes of colour! Nicely coloured accessories, birds, insects and frogs, but also exuberant flowering plants thrive in this atmosphere.

[NL] BACK TO NATURE- JUNGLE FEVER

Terug naar de basis, een met de natuur, organische vormen en natuurlijke materialen. Met duurzame en authentieke materialen op basis van een harmonieus kleurgebruik wordt een natuurlijke sfeer gecreëerd.

De eenvoud van de natuur en het buitenleven roept bij velen een ontspannen gevoel op.

Daarnaast kan de natuur levendig en vol van kleuren zijn, haal dat heerlijk vrolijke jungle gevoel in huis met splashes of colour! Lekker gekleurde accessoires, vogels, insecten en kikkertjes, maar ook uitbundig bloeiende planten gedijen goed in deze sfeer.

[DE] ZURÜCK ZUR NATUR – DSCHUNGELFIEBER

Zurück zum Wesentlichen, eins mit der Natur, organische Formen und natürliche Materialien. Mit nachhaltigen und authentischen Materialien wird durch eine harmonische Farbgebung eine natürliche Atmosphäre geschaffen. Die Einfachheit der Natur und das der Natur / Leben im Freien ruft bei vielen ein entspanntes Gefühl hervor.

Die Natur ist lebendig und farbenfroh, holen Sie sich das wunderbare fröhliche Dschungel-Feeling mit Farbtupfern in Ihr Zuhause! In dieser Atmosphäre gedeihen schöne bunte Accessoires, Vögel, Insekten und Frösche und natürlich auch prächtig blühende Pflanzen.

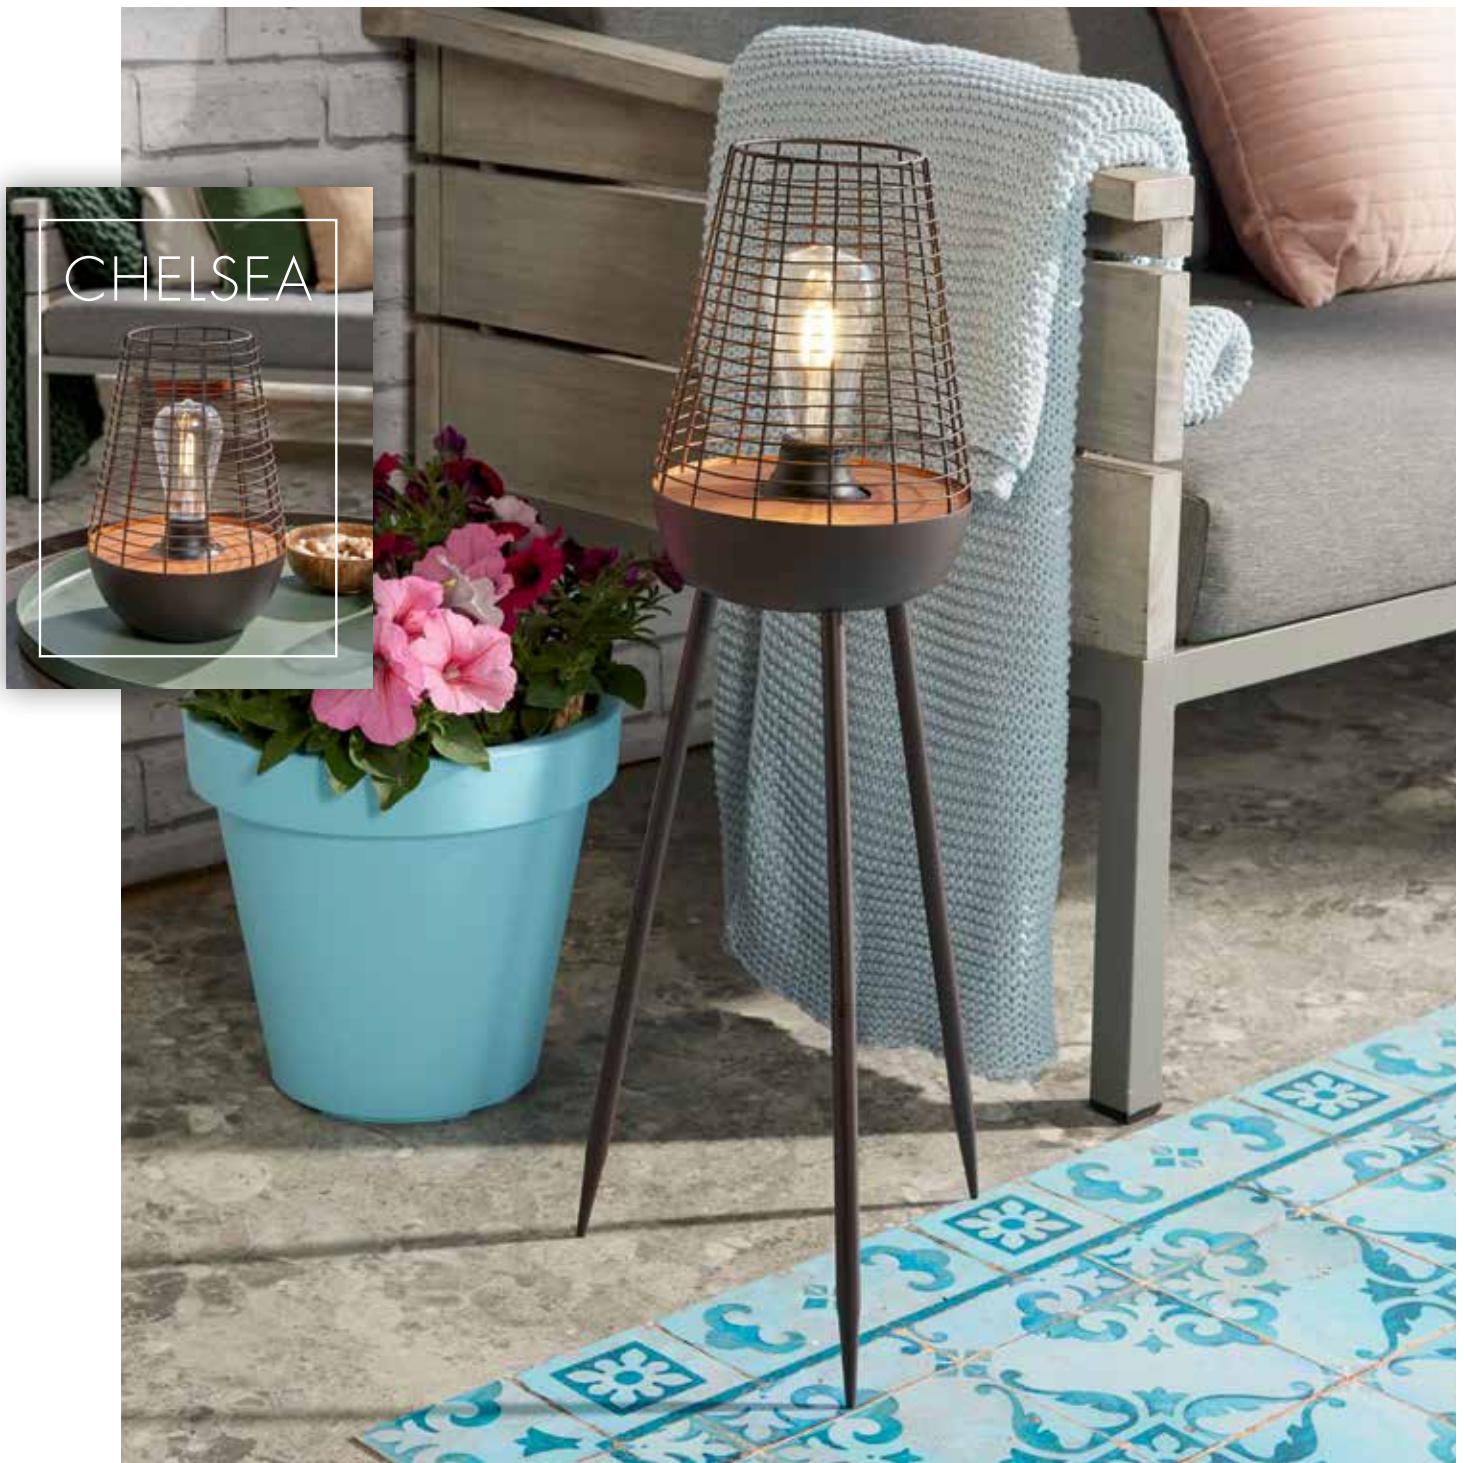

[FR] RETOUR À LA NATURE - FIÈVRE DE LA JUNGLE

Retour aux sources, seul avec la nature, avec des formes organiques et des matériaux naturels. Une ambiance naturelle est créée avec des matériaux durables et authentiques basés sur une utilisation harmonieuse de la couleur. La simplicité de la nature et du plein air évoque un sentiment de détente.

De plus, la nature peut être vivante et pleine de couleurs ! Des accessoires joliment colorés, des oiseaux, des insectes et des grenouilles, mais aussi des plantes à fleurs exubérantes s'épanouissent dans cette atmosphère

PATIO LIVING

GB PATIO LIVING

Now that everyone is busy in the garden and spends their holidays and free time in and around the house, moving inside to outside has become increasingly important. We also see this in outdoor lighting. Large incandescent light fixtures and retro bulbs, which can simply hang under the porch roof. On the terrace we see industrial lamps, mainly on solar, but also on rechargeable solar packs. Because convenience and "green" thinking go hand in hand.

Luxform offers lamps for the garden, but also increasingly for the terrace, patio and under the porch roof. Lamps that wouldn't look out of place inside either. Lamps that give atmosphere, as well as add themselves as an object to the desired atmosphere.

NL PATIO LIVING

Nu iedereen druk in de tuin bezig is en zijn vakantie en vrije tijd in en om het huis doorbrengt, is binnen naar buiten verschuiven, steeds belangrijker geworden. Dat zien we ook bij de buitenverlichting. Grote gloeilamp achtige armaturen en retro bulbs. Deze kunnen prima onder de overkapping en op het terras zien we industriële lampen, voornamelijk op solar, maar ook op herlaadbare solar packs. Want gemak en "groen"-denken gaan hand in hand.

Luxform biedt hierbij lampen voor in de tuin, maar ook steeds meer voor op het terras, patio en onder de overkapping. Lampen die ook binnen niet zouden misstaan. Lampen die zowel sfeer geven, alsmede zelf als object toevoegen aan de gewenste sfeer.

DE WOHNEN AUF DER TERRASSE

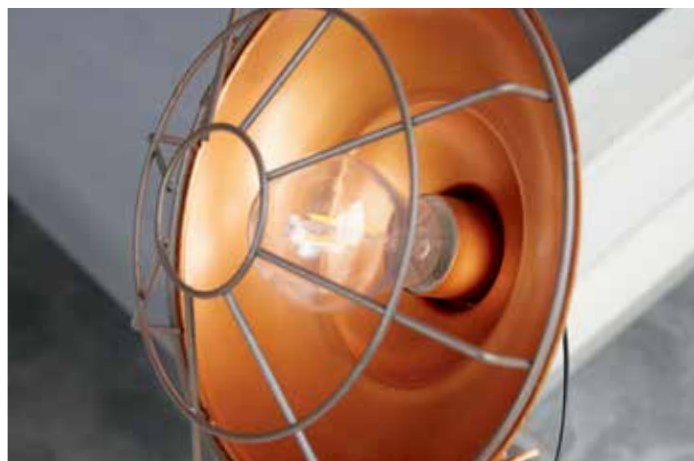

Jetzt wo alle im Garten beschäftigt sind ihren Urlaub und ihre Freizeit im und ums Haus verbringen, wird der Umzug von drinnen nach draußen immer wichtiger. Das sehen wir auch bei der Außenbeleuchtung. Große Glühlampen und Retro-Glühbirnen. Diese können problemlos draußen platziert werden und auf der Terrasse sehen wir Industrielampen, hauptsächlich mit Solar, aber auch mit wiederaufladbaren Solarpacks. Denn Gemütlichkeit und „grünes“ Denken gehen einher.

Luxform bietet Lampen für den Garten, aber auch zunehmend für die Terrasse und auf der Veranda. Lampen die auch innen nicht fehl am Platz aussehen würden. Lampen die Atmosphäre verleihen und die ebenfalls als Objekt die gewünschte Stimmung schaffen.

FR SALON TERRASSE

Maintenant que tout le monde est occupé dans le jardin et passe ses vacances et son temps libre dans et autour de la maison, se déplacer de l'intérieur vers l'extérieur est devenu de plus en plus important. On le voit dans l'éclairage extérieur avec de grands luminaires à incandescence et ampoules rétro. Elles peuvent facilement être placées sur la terrasse comme des lampes industrielles, principalement à l'énergie solaire mais aussi rechargeables. Parce que commodité et pensée « verte » vont de pair.

Luxform propose des lampes pour le jardin, mais aussi de plus en plus pour la terrasse, le patio et sous le toit. Des lampes qui n'auraient pas l'air déplacées à l'intérieur non plus. Des lampes qui donnent une atmosphère et un élément de décoration incontesté.

LUXFORM
LIGHTING

[GB] DE GROTE TUINVERBOUWING

From 2020 Luxform cooperates with the Dutch television show “de grote tuinverbouwing” (the great garden renovation). In this television program, people are surprised with a complete garden makeover. Of course garden lighting should not be missing!

Luxform wants to show that garden lighting is a real addition to the renovation in the garden. Decorative, but also functional, Luxform lighting makes your garden shines in the evening and at night.

Also curious about what television gardener Ivo Putman does in the gardens with light. Take a look at our website luxform-lighting.com or our YouTube channel for summaries of the different episodes.

[NL] DE GROTE TUINVERBOUWING

Vanaf 2020 werkt Luxform samen met het Nederlandse televisieprogramma de grote tuinverbouwing. In dit televisieprogramma worden mensen verrast met een complete tuin make over. Natuurlijk mag daarbij tuinverlichting niet ontbreken!

Dat tuinverlichting een echte aanvulling is op de verbouwing in de tuin, dat wil Luxform laten zien. Decoratief, maar ook functioneel, met Luxform verlichting straalt de tuin ook in de avond en nacht.

Ook benieuwd geworden wat televisie tuinman Ivo Putman in de tuinen doet met licht. Kijk dan snel op onze website luxform-lighting.com of ons YouTube-kanaal voor samenvattingen van de verschillende afleveringen.

FR DE GROTE TUINVERBOUWING

À partir de 2020, Luxform coopère avec l'émission de télévision néerlandaise «de grote tuinverbouwing» (la grande rénovation du jardin). Dans ce programme télévisé, la rénovation complète des jardins impressionne les intervenants. Bien sûr, l'éclairage de jardin ne doit pas manquer !

Cet éclairage de jardin est un véritable ajout à la rénovation du jardin, Luxform veut le montrer. Décoratif, mais aussi fonctionnel, l'éclairage Luxform fait briller votre jardin le soir et la nuit.

Également curieux de savoir ce que le jardinier Ivo Putman arrive à faire dans les jardins avec la lumière. Jetez un œil à notre site Internet luxform-lighting.com ou à notre chaîne YouTube pour des résumés des différents épisodes.

DE DE GROTE TUINVERBOUWING

Ab 2020 kooperiert Luxform mit der niederländischen Fernsehsendung „de grote tuinverbouwing“ (der großen Gartenrenovierung). In dieser Fernsehsendung werden die Menschen mit einer kompletten Gartenverjüngungskur überrascht. Natürlich sollte die Gartenbeleuchtung nicht fehlen!

Luxform möchte zeigen dass die Gartenbeleuchtung eine echte Ergänzung zur Renovierung des Garten ist.. Die dekorative, aber auch funktionale Luxform-Beleuchtung lässt Ihren Garten abends und nachts strahlen.

[GB] SOLAR POWERED LIGHTS THAT LIGHT THROUGHOUT THE YEAR!

Solar technology that adapts to the capacity in the battery stored during the day. The lamp gives the maximum number of Lumen with a charged battery. In lesser weather conditions and when battery is not fully charged, the lamp will adjust the light output. The lamp adjusts the light output so that there is enough energy to burn for 6 hours. Always, 6 hours of light every day! So ensures safety around the house and garden, as many as 365 days a year.

[NL] ZONNE-ENERGIE LAMPEN DIE HET GEHELE JAAR LICHT GEVEN!

Zonnetechnologie die zich aanpast aan de capaciteit in de batterij, die gedurende de dag is opgeslagen. De lamp geeft met een opgeladen batterij het maximale aantal Lumen. Bij mindere weersomstandigheden en het niet geheel opladen van de batterij zal de lamp zich in lichtopbrengst aanpassen. De lamp past de lichtopbrengst aan, zodat er genoeg energie is om 6 uur lang te branden. Altijd, elke dag 6 uur licht! Dus zorgt voor veiligheid rondom huis en tuin, wel 365 dagen per jaar.

[DE] SOLARBETRIEBENE LEUCHTEN, DIE DAS GANZE JAHR ÜBER LICHT SPENDEN!

Solartechnologie, die sich an die Kapazität des tagsüber gespeicherten Akkus anpasst. Die Lampe gibt die maximale Lumenanzahl bei geladenem Akku an. Bei schlechten Wetterbedingungen und wenn der Akku nicht vollständig aufgeladen wird, wird die Lichtleistung der Lampe angepasst. Die Lampe regelt die Lichtleistung so, dass für 6 Stunden genügend Energie zum Brennen zur Verfügung steht. Immer 6 Stunden Licht pro Tag! So ist die Sicherheit rund um Haus und Garten an 365 Tagen im Jahr gewährleistet.

[FR] LUMIÈRES SOLAIRES QUI FONCTIONNENT TOUTE L'ANNÉE!

Une technologie solaire qui s'adapte à la capacité emmagasinée par la batterie pendant la journée. Durant les premières heures de fonctionnement, lorsque la batterie est complètement chargée, la lumière correspondant au nombre maximum de lumens indiqués. Lorsque la météo est moins clémente et que la batterie n'est pas complètement chargée, la lumière s'adapte afin d'assurer 6 heures d'éclairage minimum. La lampe ajuste le flux lumineux de manière à ce qu'il y ait assez d'énergie pendant 6 heures. Cela garantit un éclairage sécurisé autour de la maison et de jardin 365 jours par an.

SOLAR INTELLIGENT HYBRID LIGHTS

GB HYBRID SOLAR LIGHTS

Luxform Intelligent Hybrid Solar lamps are standard equipped with an intelligent energy management. By using Hybrid technology, the best of both worlds is brought together. The energy-efficiency of solar and the certainty of light all year round.

All lamps of our Luxform Intelligent Hybrid solar series are equipped with a self-thinking system, which distributes the stored energy evenly over 8 burning hours.

During the winter months you can set the lamp to 50% of the light output/brightness, so that the lamp has enough energy to illuminate your garden in the winter months.

Is your lamp in a shaded spot or is it dark and bad weather for several days in a row? Then you can give the lamp a boost by charging it yourself with the supplied USB cable. This guarantees consistent light output. This means that different charging options can be used effortlessly, so that maximum efficiency is guaranteed.

Note that the brightness may decrease when the battery is not fully charged.

NL HYBRIDE SOLAR LAMPEN

Luxform Intelligente Hybride Solar lampen zijn standaard uitgerust met intelligent energiemanagement. Door gebruik te maken van Hybride techniek wordt het beste van twee werelden bij elkaar gebracht. Het energiezuinige van solar en de zekerheid van licht het gehele jaar door.

De lamp is zelfdenkend en intelligent en verdeelt de opgeladen energie over 8 branduren. Tijdens de wintermaanden kunt u de lamp op 50% van de lichtopbrengst/helderheid zetten, zodat de lamp ook in de wintermaanden genoeg energie heeft om uw tuin te verlichten.

Staat uw lamp op een schaduwplek of is het meerdere dagen achter elkaar donker en slecht weer? Dan kunt u de lamp een boost geven door deze zelf met het bijgeleverde USB kabeltje bij te laden. Zo is consistente lichtopbrengst gegarandeerd. Daardoor kan er moeiteloos gebruik gemaakt worden van verschillende oplaadmogelijkheden, zodat een maximale efficiëntie gegarandeerd wordt.

Merk op dat de helderheid kan afnemen wanneer de batterij niet volledig is opgeladen.

DE HYBRID SOLAR LEUCHTEN

Luxform Intelligent Hybrid Solar Lampen sind standardmäßig mit einem intelligenten Energiemanagement ausgestattet. Durch den Einsatz der Hybrid-Technologie wird das Beste aus beiden Welten zusammengeführt. Die Energieeffizienz von Solar und die Gewissheit des Lichts das ganze Jahr über.

Die Lampe ist selbstdenkend und intelligent und teilt die geladene Energie auf 8 Brennstunden auf. In den Wintermonaten können Sie die Lampe auf 50% der Lichtleistung/Helligkeit einstellen, damit die Lampe in den Wintermonaten genügend Energie hat, um Ihren Garten zu beleuchten.

Steht Ihre Lampe an einem schattigen Platz oder ist es mehrere Tage hintereinander dunkel und schlechtes Wetter? Dann können Sie der Lampe einen Schub geben, indem Sie sie selbst mit dem mitgelieferten USB-Kabel aufladen. Dies garantiert eine konstante Lichtleistung. Dadurch können unterschiedliche Lademöglichkeiten mühelos genutzt werden, sodass maximale Effizienz gewährleistet ist.

Beachten Sie, dass die Helligkeit abnehmen kann, wenn der Akku nicht vollständig geladen ist.

FR HYBRIDE SOLAIRES LAMPES

Les lampes solaires hybrides intelligentes Luxform sont équipées d'une gestion intelligente de l'énergie. En utilisant la technologie hybride, le meilleur des deux mondes est réuni. L'efficacité énergétique du solaire et la certitude de la lumière toute l'année.

La lampe est auto-pensée et intelligente, elle divise l'énergie chargée sur 8 heures de fonctionnement. Pendant les mois d'hiver, vous pouvez régler la lampe à 50 % de la puissance lumineuse/luminosité, afin que la lampe ait suffisamment d'énergie pour éclairer votre jardin pendant les mois d'hiver.

Votre lampe est-elle dans un endroit ombragé ou le temps est-il sombre et mauvais plusieurs jours de suite ? Grâce au câble USB fourni, vous pouvez donner un coup de pouce à la lampe en la chargeant vous-même. Cela garantit un flux lumineux constant. Cela signifie que différentes options de charge peuvent être utilisées sans effort, de sorte qu'une efficacité maximale est garantie.

Notez que la luminosité peut diminuer lorsque la batterie n'est pas complètement chargée.

[GB] USB RECHARGEABLE LIGHTS

USB rechargeable lamps have the advantage that you no longer have to buy separate batteries. The lamps are equipped with a rechargeable battery pack. Fully charged, these lamps work for 16 days with a 6/18 hour timer. The lamps are supplied as standard with 1.2 mtr. USB cable.

[NL] USB RECHARGEABLE LIGHTS

USB oplaadbare lampen hebben als voordeel dat u geen losse batterijen meer hoeft te kopen. De lampen zijn voorzien van een oplaadbaar battery-pack. Compleet opgeladen werken deze lampen 16 dagen met een 6/18 uur timer. De lampen worden standaard geleverd met 1,2mtr. USB kabel.

[DE] USB WIEDERAUFLADBARE LICHTER

USB-aufladbare Lampen haben den Vorteil, dass Sie keine separaten Batterien mehr kaufen müssen. Die Lampen sind mit einem wiederaufladbaren Akku ausgestattet. Voll aufgeladen funktionieren diese Lampen 16 Tage lang mit einem 6/18 Stunden Timer. Die Lampen werden standardmäßig mit 1,2 mtr USB-Kabel geliefert.

[FR] LAMPES RECHARGEABLES USB

Les lampes rechargeables USB ont l'avantage de ne pas avoir besoin de piles supplémentaires. Les lampes sont équipées d'une batterie rechargeable. Complètement chargées, ces lampes fonctionnent pendant 16 jours avec une minuterie de 6/18 heures. Les lampes sont fournies en standard avec un câble USB d'1,2m.

[GB] With a patio pallet you will get a real eye-catcher in your store. The show pallet with hood provides a professional look and a perfect presentation in your store. The illuminated models are even more effective due to the dark shade.

[NL] Met een patiopallet haalt u een blikvanger in huis. De showpallet met kap zorgt voor een professionele uitstraling en een perfecte presentatie in uw winkel. Door de donkere kap komen de verlichte modellen nog beter tot hun recht.

[DE] Mit einer abgestuften VK-Palette können Sie in Ihrem Markt ein Blickfang schaffen. Die Showpalette mit Haube sorgt für eine professionelle Darstellung und eine perfekte Präsentation in Ihrem Geschäft. Die beleuchteten Modelle sind aufgrund des dunklen Farbtons noch effektiver.

[FR] Avec une palette de patio, vous pourrez vraiment attirer l'attention du client sur nos produits. La palette d'exposition avec le capot offre un regard professionnel et une parfaite présentation dans votre magasin. Les modèles illuminés sont encore plus efficaces mis en situation sous le capot de la palette.

CONNECTABLE STRINGLIGHTS

The Connectable stringlights can be linked together. 3 sets can be connected to the supplied transformer. Each set comes with a 5m long intermediate cable, which can be mounted both before and after the string lights. For example, the distance can be used to get from the power point to the desired lighting location or to connect between the different sets.

CONNECTABLE STRINGLIGHTS

De Connectable stringlights zijn onderling aan elkaar te koppelen. Op de bijgeleverde transformator kunnen 3 sets aangesloten worden. Elke set wordt geleverd met 5mtr lange tussenkabel, die zowel voor als na de lichtslinger gemonteerd kan worden. Zo kan men de afstand gebruiken om van het stroompunt naar de gewenste verlichtingsplek te komen of om tussen de verschillende sets aan te sluiten.

ANSCHLIESSBARE LICHTERKETTEN

Die Connectable Stringlights können miteinander verbunden werden. An den mitgelieferten Trafo können 3 Sets angeschlossen werden. Jedem Set liegt ein 5m langes Zwischenkabel bei, das sowohl vor als auch nach der Lichterkette montiert werden kann. Die Entfernung kann beispielsweise genutzt werden, um von der Steckdose zum gewünschten Beleuchtungsort zu gelangen oder die verschiedenen Sets miteinander zu verbinden.

GUIRLANDES LUMINEUSES CONNECTABLES

Les guirlandes connectables peuvent être reliées entre elle. 3 guirlandes peuvent être connectées au transformateur fourni. Chaque ensemble est livré avec un câble intermédiaire de 5 m de long, qui peut être monté avant et après la guirlande lumineuse. Par exemple, la distance peut être utilisée pour se rendre de la prise de courant à l'emplacement d'éclairage souhaité ou pour connecter les différents ensembles.

WHAT WE CAN DO FOR YOU

GB MERCHANDISING YOUR STORE

Luxform Lighting has developed a brand with a complete range, which is always in recognisable and striking packaging and supplied with clear assembly instructions for the consumer. Our sales advisors are always happy to advise on the range that will suit your store and the needs of your customers.

Our clear concepts, rack plans and striking pallets ensure an optimal appearance and stimulate sales. You can use the concepts we have put together. Of course you are always free to order individual items.

Together we can meet consumer needs

Both the product range and Luxform Global BV itself is dedicated to making sure that specialist retailers can meet their customer's needs. Attractive pricing combines with quality of product and maximum choice for the consumer. Through service levels, spare part availability and continual product development Luxform Global BV will provide the support you need to develop a special relationship with your customers. Together we can meet the challenge of offering your customer a convenient, reliable and trusted product and service that will fulfill all garden lighting dreams.

NL UITSTRALING BIJ U IN DE WINKEL

Luxform Lighting heeft zich ontwikkeld tot een merk met een compleet schapassortiment, steeds in een herkenbare en opvallende verpakking altijd voorzien van duidelijke instructies voor de consument. Onze verkoopadviseurs staan u graag ter zijde bij het samenstellen van een assortiment dat precies aansluit op uw winkel en de behoeften van uw klanten. Onze duidelijke concepten, schappenplannen en opvallende pallets zorgen voor een optimale uitstraling en stimuleren de verkoop. U kunt daarbij gebruik maken van de door ons samengestelde concepten. Natuurlijk bent u ook altijd vrij om losse artikelen te bestellen.

Gezamenlijk inspelen op consumentenwensen

Zowel het productassortiment als de organisatie bij Luxform Global BV zijn afgestemd op de specialist die zijn klanten tegemoet wil komen. Een aantrekkelijke prijsstelling is daarbij van belang, maar kwaliteit

en maximale keuzevrijheid voor de consument gaan boven alles. Serviceartikelen en een continue productontwikkeling zorgen ervoor dat u als relatie uw klanten jarenlang van dienst kunt blijven. Beantwoorden aan de behoefte aan persoonlijke sfeer en gemak van uw klanten vormt uw en onze gezamenlijke uitdaging.

DE AUSSTRAHLUNG IN IHREM GESCHÄFT

Luxform Lighting hat sich zu einer Marke mit einem kompletten Regalassortiment entwickelt, das sich durch auffallende, unverwechselbare Verpackungen und klar verständliche Montageanleitungen auszeichnet. Unsere Verkaufsberater helfen Ihnen gern bei der Zusammenstellung eines Sortiments, das exakt den Ansprüchen Ihres Geschäftes und den Bedürfnissen Ihrer Kunden gerecht wird.

Unsere übersichtlichen Konzepte, Regaleinteilungen und markanten Paletten sorgen für ein optimales Erscheinungsbild und haben eine verkaufsfördernde Wirkung. Sie können die von uns zusammengestellten Konzepte verwenden. Natürlich können Sie auch jederzeit einzelne Artikel bestellen.

FR RAYONNEMENT DANS VOTRE MAGASIN

Luxform lumière s est développé sur comme marque dans un assortiment complet. Toujours avec un emballage attrayant et reconnu avec des intructions justes pour le consommateur. Nos commerciaux sont à votre disposition pour vous conseiller un belle assortiment qui vous convient. Nos concepts clairs, nos plans d'étagères et nos palettes saisissantes garantissent une apparence optimale et stimulent les ventes. Vous pouvez utiliser les concepts que nous avons mis en place. Bien sûr, vous êtes toujours libre de commander des articles individuels.

Ensemble nous participons pour un succes.

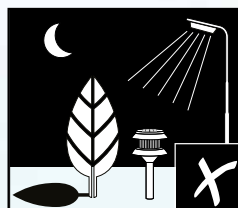

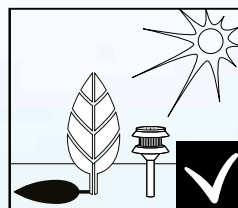

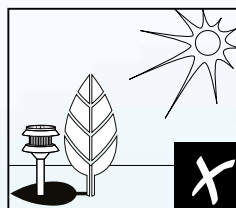

L'assortiment de nos produits garantit le désire ou choix des professionnels. Le developpement de nos prduits garantit une bonne relation, et service avec vos clients pour un longue durée. C' est vraiment un challenge pour vous

Verbraucherwünsche gemeinsam erfüllen

Sowohl das Produktsortiment als auch die Organisation von Luxform Global BV sind auf den Spezialisten ausgerichtet, der seinen Kunden einen optimalen Service bieten möchte. Eine attraktive Preisgestaltung ist zwar wichtig, aber die Qualität und die breite Produktpalette stehen immer an erster Stelle. Serviceartikel und eine kontinuierliche Produktentwicklung sorgen dafür, dass Sie als unser Geschäftspartner Ihren Kunden viele Jahre lang zu Diensten stehen können. Unsere gemeinsame Herausforderung besteht darin, die individuellen Bedürfnisse der Kunden nach persönlicher Atmosphäre und Bequemlichkeit zu deren Zufriedenheit zu erfüllen.
